

LA CANTERA

Enter the enchanting world of La Cantera, a refined collection by Richmond Interiors. This stunning series is crafted from breathtaking travertine, a natural stone known for its warm appearance and unique texture. But what truly sets La Cantera apart is the use of epoxy to make the travertine completely smooth and free from imperfections.

In La Cantera, the natural features of travertine are honored and enhanced. By using epoxy, the travertine is given a flawless finish, making the surface sleek and contemporary. This allows the furniture pieces to showcase effortless beauty and a modern appeal. With La Cantera, you create an environment that embraces you with the warmth of travertine while exuding a contemporary atmosphere. Step into the world of refinement and enrich your home with the timeless beauty of La Cantera.

Maintenance

To keep the travertine in optimal condition, it is important to regularly wipe it with warm water, gentle cleansers, and, for example, a microfiber cloth. Use coasters to prevent scratches and stains. Please note that travertine is a natural stone and therefore porous. Exercise caution when spilling liquids as they can seep into the surface and cause stains. Remove any spilled liquids promptly with a damp cloth. Due to the natural character of travertine, slight irregularities such as holes and color variations may occur.

With careful maintenance, you can enjoy the La Cantera collection for a long time.
